

NEW PRODUCT ANNOUNCEMENT – 2015-2017 FORD MUSTANG ONE-PIECE ALUMINUM DRIVESHAFTS

PART NUMBER INFORMATION

DATE: November 28, 2017

TO: All Dana Aftermarket Group Spicer® Driveshaft Customers

Dana Aftermarket Group is pleased to announce the release of our new 2015-2017 Ford Mustang Performance one-piece Aluminum Driveshafts. Designed for Increased Horsepower Applications.

- Spicer Part Number **10045510** Fits 2015-17 Ford Mustang GT (V8) Automatic Transmission (3.5" Diameter, 1350 Series) - Available Now
- Spicer Part Number **10045511** Fits 2015-17 Ford Mustang GT (V8) Manual Transmission (3.5" Diameter, 1350 Series) – Available in December 2017
- Spicer Part Number **10045512** Fits 2015-17 Ford Mustang GT (V6) Manual Transmission (3.5" Diameter, 1350 Series) – Available in December 2017
- Reduced overall weight and rotating mass
 - Delivers improved driving performance
 - Provides quicker acceleration
 - 19 lbs. lighter than the OEM shaft
- One-piece engineering (Eliminates need for center bearing)
- Bolts directly to the OE Mustang flange (requires no adapter)
- Kit Includes Driveshaft, new required fasteners, and installation instructions.

Please contact your Dana Aftermarket Group sales representative for more details or go to spicerparts.com or link the following link.
