# Spicer® Commercial Vehicle **Dura-Tune® Self-Aligning Center Bearing**

Sprinter is a registered trademark of Mercedes-Benz.

## **Improved Performance and Maintenance Free**

The new Spicer® Dura-Tune® self-aligning center bearing assembly is engineered for durability, and tuned to provide industry-leading powertrain vibration isolation and dampening. The patented design helps to ensure proper installation and alignment throughout the life of the vehicle, delivering a more consistent ride while promoting drivetrain longevity.

# Trust Spicer® to Protect the Parts That Keep Your Fleet on the Road.

The innovative design of the new Spicer® Dura-Tune® center bearing assembly maintains the proper driveline angle to maximize driveshaft and component life. This best-in-class center bearing addresses noise, vibration and harshness (NVH) levels to deliver a smoother, quieter operation for downspeed drivetrains. A user-friendly installation further reduces the possibility of future alignment-based issues.

## Improved Performance

- Maintenance-free factory sealed bearing and double-lip seal configuration decreases contamination and extends life
- Innovative design provides optimal alignment within +/- 10 degrees
- Advanced technology elastomer material decreases levels of noise and vibration
- Delivers reduced driver fatigue and improved vehicle satisfaction

## Simplified Installation

- Elimination of dust shields due to new sealed bearing technology
- Eliminates the need for multi-hanger bracket and cross member configurations

## Approved for all On- and Off-Highway Applications

New #	Current #	New Rubber Style
10094142	5003323	Slotted
	500332370	Slotted

## The Spicer® Dura-Tune® Center Bearing Advantage
