## PRODUCT UPDATE: LIGHT-VEHICLE DRIVE SHAFT TUBING

### PART NUMBER INFORMATION

DATE: November 1, 2013

TO: All Dana Aftermarket Group Customers

As part of our ongoing efforts to provide the highest quality service parts, we have recently completed investments to support the supply of light-vehicle driveshaft tubing. Over the course of the past 18 months:

- We have installed a new tube production facility within our Ft. Wayne, Indiana plant.
- Conducted a thorough review of our service parts quality specifications.
- Refined our edge finishing processes.
- **The result:** Light-vehicle tubing that meets the needs of our quality-focused customers.

The part numbers manufactured in our new facility are:

Part Number	
14-30-12-10800	24-30-42-10800
